

MusicManager3.5 Downloads

The software download here is both the Test-Drive version of MusicManager3.5 and the Full-Functioning version of MusicManager3.5. When installed, the software is running by default in Test-Drive mode. By registering the Test-Drive software with a valid software registration code obtained from 2Surge, your software is activated as a Full-Functioning product. [Single File Download](#)

Use this download link if you have a broadband connection (DSL, Cable Modem, ISDN, etc.) to the Internet:

- [MusicManager3.5 Setup File \(47MB\)](#)[Multi File Download](#)
